End Application:

Canadian coastal radar, cage 03538

Basic Shape Style:

Rectangular or square

Circuit Construction Type:

Solid state

Special Features:

Parts list inc. Amplifier (2); attenuator (2); detector mount (1); coupler (1); divider (1); isolator (1); connector (3); cable assembly (7); switch (2); filter (1); dummy load (1)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
