**Inclosure Type:**

Encased

**Installation Design:**

Transportable

**Circuit Construction Type:**

Solid state

**Overall Gain:**

46.0 decibels

**Special Features:**

25w; 10 hz to 1000 mhz frequency; 20 db harmonics at rated power; porm 2.0 db bandpass flatness; switching power supply

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A32200
