**Environmental Protection:**

Salt spray resistant

**Average Life Measurement:**

Not rated

**End Application:**

Sattelite communications equipment

**Basic Shape Style:**

Rectangular or square

**Inclosure Type:**

Hermetically sealed

**Operating Control Method:**

Automatic

**Installation Design:**

Mechanical

**Control Type:**

Remote

**Circuit Construction Type:**

Solid state

**Impedance Rating Per Channel:**

50.000 ohms input channel err-100

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A32200
