Overall Length:

7.970 inches

Overall Width:

4.200 inches

Operating Temperature Range:

-57.0/+60.0 degrees celsius

Basic Shape Style:

Rectangular or square

Frequency Per Channel:

7.2 gigahertz operating channel and 7.7 gigahertz operating channel

Special Features:

Ultra-low noise x-band satcom lna; min. Gain 50 db; max. Gain window vs. Temperature and frequency 3 db; max. Noise figure at 23 deg. C 60k

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mlr

Fig:

A32200
