**End Application:**

Astor airborne radar

**Impedance Rating Per Channel:**

600.0 ohms input channel

**Special Features:**

Form, fit, and function interchangeable with collins avionics model 356f-3 speaker amplifier, accepts differential and single - ended inputs. Low output distortion < 1 percent

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A32200
