Overall Length:

27.000 inches

Overall Height:

14.000 inches

Overall Width:

19.000 inches

End Application:

Italy armed services

Basic Shape Style:

Rectangular or square

Frequency Per Channel:

7.5 gigahertz operating channel and 18.0 gigahertz operating channel

Overall Gain:

54.0 decibels

Product Name:

Traveling wave tube amplifier

Special Features:

power out watt 250; nf db 35

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
