Installation Design:

Module

Product Name:

Power amplifier

Special Features:

Specifications at: 23 °C; ; frequency: 14 to 14.5 ghz; gain: 43 db min.; gain flatness: 0.5 db+/- max.; noise figure: 1.1 db max.; noise temperature: 83.6 k max; vswr in: 2: 1 max.; vswr out: 2: 1 max.; p1db out: 10 dbm min.; voltage: 15 v nom. Current: 250 ma nom.; operating temp: -40 to 75 °C; rf/microwave narrow band low power amplifier

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
