Product Name:

Fsc application data: generator, pulse-sweep, test, except specially designed

Special Features:

Capacitor 25, crystal oven 1, diode 2, integrated circuit 3, printed wiring board 1, radio frequency choke 7, resistor 52, transformer 1, transistor 13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
