Overall Length:

4.125 inches

Overall Height:

0.562 inches

Overall Width:

2.133 inches

Product Name:

Fsc application data: radio transceiver

Special Features:

Capacitor fixed 24, coil 2, printed wiring board 1, resistor fixed 32, resistor variable 2, semiconductor device diode 4, semiconductor device unitized 1, transformer 3, transistor 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
