Overall Length:

8.030 inches

Overall Height:

1.313 inches

Overall Width:

4.125 inches

Product Name:

Fsc application data: radio sets, radio, except navigation and home types, nonairborne

Special Features:

Printed wiring board 1, integrated circuits 3, transistor 1, resistors 55, inductors 4, coils 12, transformers 7, filters 3, diodes 20, capacitors 66, thermistors 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
