Overall Length:

6.688 inches

Overall Height:

0.452 inches

Overall Width:

3.375 inches

Product Name:

Fsc application data: programmer, air inlet control

Special Features:

Capacitor 15, crystal 1, printed wiring board 1, diode 18, extractor 2, heat dissipator 16, heat sink 1, insulator 20 resistor 28, integrated circuit 5, transistor 36

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
