Product Name:

Fsc application data: converter, display radar computer-programer group, communcation-identification-navigation

Special Features:

Capacitor 15, connector 1, integrated circuit 80, printed wiring board 1, resistor 18, support, circuit card 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
