Overall Length:

6.000 inches

Overall Height:

0.422 inches

Overall Width:

5.200 inches

Product Name:

Fsc application data: converter digital to digital, automatic data processing, except tactical

Special Features:

Printed wiring board 1, integrated circuits 7, transistors 11, diodes 2, relays 2, capacitors 23, resistors 37

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
