**Overall Length:**

4.781 inches

**Overall Height:**

0.562 inches

**Overall Width:**

1.765 inches

**End Application:**

Type no. An/arc-116

**Product Name:**

Fsc application data: radio set, airborne

**Special Features:**

Capacitor, fixed 70; capacitor, variable 1; coil 22; network 11; printed wiring board 1; resistor 49; semiconductor 14; terminal 23; transformer 7; transistor 7

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
