Overall Length:

4.781 inches

Overall Height:

0.562 inches

Overall Width:

1.765 inches

End Application:

Type no. An/arc-116

Product Name:

Fsc application data: radio set, airborne

Special Features:

Capacitor, fixed 70; capacitor, variable 1; coil 22; network 11; printed wiring board 1; resistor 49; semiconductor 14; terminal 23; transformer 7; transistor 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
