Overall Length:

4.781 inches

Overall Height:

0.312 inches

Overall Width:

1.765 inches

End Application:

Type no. An/arc-116

Product Name:

Fsc application data: radio set, airborne

Special Features:

Capacitor 43; coil 3; contacts 16; network 3; printed wiring board 1; resistor 59; semiconductor 3; terminal 10; transistor 10; transistor 27

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
