Overall Length:

3.750 inches

Overall Height:

0.750 inches

Overall Width:

5.000 inches

Product Name:

Fsc application data: transmitting set, radio, except navigation, nonairborne

Special Features:

Capacitors, fixed, ceramic 7; capacitors, fixed, electrolytic 3; clip mounting 2; connector plug 1; pads, transistor 5; printed wiring board 1; resistors, fixed, composition 22; resistors, fixed, wirewound 3; resistors, variable 2; semiconductor devices, diode 7; transistors 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
