Overall Length:

3.750 inches

Overall Height:

0.625 inches

Overall Width:

3.750 inches

Product Name:

Fsc application data: transmitting set, radio, except navigation, nonairborne

Special Features:

Capacitors, fixed 3; clip mounting 1; connector plug 1; integrated circuits 6; printed wiring board 1; resistors, fixed, composition 8; terminals 3; test points 5; transistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
