Overall Length:

3.750 inches

Overall Height:

0.625 inches

Overall Width:

3.750 inches

Product Name:

Fsc application data: transmitting set, radio except navigation, nonairborne

Special Features:

Capacitors, fixed, electrolytic 2; connector plug 1; integrated circuits 7; printed wiring board 1; resistors, fixed, composition 3; semiconductor devices, diode 5; test points 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
