Overall Length:

2.630 inches

Overall Height:

0.268 inches

Overall Width:

1.904 inches

End Application:

Computer system, digital

Special Features:

Capacitor 1, connector 1, printed wiring board 1, resistor 28, semiconductor 4, transformer 12; mounting configuration: plugs into standard 15 pin socket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
