Overall Length:

2.630 inches

Overall Height:

0.268 inches

Overall Width:

1.904 inches

End Application:

Computer system, digital

Special Features:

Capacitor 6, connector 1, printed wiring board 1, resistor 11, semiconductor 7; mounting configuration: plugs into standard 15 ppin socket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
