Overall Length:

3.750 inches

Overall Height:

3.750 inches

Overall Width:

0.875 inches

Product Name:

Fsc application data: transmitting set, radio, except navigation, nonairborne

Special Features:

Capacitors 5; connector plug, electrical 1; printed wiring board 1; resistors 24; semiconductor devices, diode 16; transformers 2; transipads 7; transistors 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
