Overall Length:

3.750 inches

Overall Height:

3.750 inches

Overall Width:

0.625 inches

Product Name:

Fsc application data: transmitting set, radio, except navigation, nonairborne

Special Features:

Capacitors 10; connector plug, electrical 1; printed wiring board 1; resistors 34; semiconductor devices, diode 16; transipads 9; transistors 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
