Overall Length:

6.000 inches

Overall Height:

0.500 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: receiving set counter-measures

Special Features:

Fixed capacitor 1; transistor pad 2; printed wiring board 1; fixed resistor 11; variable resistor 1; semiconductor device diode 3; transistor 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
