Overall Length:

4.500 inches

Overall Height:

0.570 inches

Overall Width:

4.100 inches

End Application:

Communication set, sonar

Special Features:

Capacitor 4, diode 7, printed wiring board 1, relay 1, resistor 9, terminal 5, transistor 1; mounting config: plug-in and rack mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
