Overall Length:

2.328 inches

Overall Height:

0.375 inches

Overall Width:

1.313 inches

End Application:

Computer sets, general information data, except tactical

Special Features:

Capacitor 2, connector 1, printed wiring board 1, resistor 12, transistor 4; mounting configuration: connector and rack mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
