Overall Length:

5.000 inches

Overall Height:

1.000 inches

Overall Width:

4.875 inches

End Application:

Communications support systems

Product Name:

Fsc application data: communications system

Special Features:

Bracket mtg 1; bushing electrical 1; capacitor fixed 8; connector electrical 1; heat sink 4; insulator 8; jacks 9; printed wiring board 1; resistor fixed 19; resistor variable 2; semiconductor device diode 4; transistor 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:
