Overall Length:

5.125 inches

Overall Height:

0.437 inches

Overall Width:

4.875 inches

Product Name:

Fsc application data: communications system

Special Features:

4bushing electrical 1; capacitor fixed 28; coil rf 6; connector plug 1; connector receptacle 2; heat sink 3; insulator disk 6; jack tip 9; printed wiring board 1; resistor fixed 22; resistor variable 2; semiconductor device diode 4; transistor 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
