Overall Length:

6.000 inches

Overall Height:

0.750 inches

Overall Width:

5.500 inches

Special Features:

Capacitors, fixed, ceramic 36; capacitors, fixed, mica 8; capacitors, variable 2; connector plug 1; crystal unit 1; inductors 12; pad, transistor 1; printed wiring board 1; resistors, fixed 6; resistors, fixed, composition 30; resistors, variable 2; semiconductor devices, diode 4; test points 9; transformers, variable 6; transistors 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
