Overall Length:

9.875 inches

Overall Height:

0.750 inches

Overall Width:

5.500 inches

Special Features:

Capacitors, fixed, ceramic 40; capacitors, fixed, mica 27; capacitors, variable 10; connector, plug 1; crystal units 10; inductors 8; inductor, variable 1; pads, transistor 21; printed wiring board 1; resistors, fixed, composition 74; test points 6; transformers, variable 9; transistors 21

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
