Overall Length:

6.570 inches

Overall Height:

0.750 inches

Overall Width:

4.437 inches

Product Name:

Fsc application data: test set, electronic circuit plug-in-unit, wxcept specially designed link equipment

Special Features:

Diode 8; holder, identification 1; insulator, transistor 8; printed wiring board 1; resistor, fixed 34; transistor 8; strip, identification 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
