Overall Length:

6.750 inches

Overall Height:

0.493 inches

Overall Width:

4.370 inches

Product Name:

Fsc application data: countermeasure type, direction finder groups

Special Features:

Connector, test point 2; pad, transistor 16; printed wiring board 1; resistor, fixed 64; transistor 16

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
