Overall Length:

4.460 inches

Overall Height:

0.533 inches

Overall Width:

3.730 inches

Product Name:

Fsc application data: direction finder groups, countermeasure type

Special Features:

Capacitor 6; integrated circuit 3; jack tip 2; pad, transistor 5; printed wiring board 1; resistor, fixed 23; resistor, variable 1; semiconductor device diode 2; transistor 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
