**Overall Length:**

8.520 inches

**Overall Height:**

0.450 inches

**Overall Width:**

3.390 inches

**Product Name:**

Fsc application data: direction finder groups countermeasure type

**Special Features:**

Hcapacitor 33; coil 20; connector, test point 4; connector elec 2; pad, transistor 20; printed wiring board 1; resistor, fixed 85; semiconductor device diode 20; terminal board suppressor 2; transistor 20

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A511k0
