Overall Length:

6.750 inches

Overall Height:

0.512 inches

Overall Width:

4.370 inches

Product Name:

Fsc application data: direction finder groups countermeasure type

Special Features:

Capacitor 8; coil 4; connector, test point 1; pad, transistor 5; printed wiring board 1; resistor, fixed 31; resistor, variable 3; transistor 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
