Overall Length:

7.000 inches

Overall Height:

0.440 inches

Overall Width:

5.750 inches

Product Name:

Fsc application data: test set, telegraph

Special Features:

Pad transistor 10; printed wiring board 1; resistor fixed 88; semiconductor device diode 210; transistor 10

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
