Overall Length:

4.460 inches

Overall Height:

0.513 inches

Overall Width:

3.730 inches

Product Name:

Fsc application data: direction finder groups countermeasure type

Special Features:

Capacitor 3; integrated circuit 9; printed wiring board 1; resistor, fixed 9; semiconductor device diode 2; transistor 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
