Overall Length:

9.312 inches

Overall Height:

0.750 inches

Overall Width:

4.500 inches

End Application:

Type no. C-7085/tsc-388; telegraph line controls

Product Name:

Telegraph line control subassembly

Special Features:

Major components: capacitors 8; printed wiring board 1; relays 4; resistors 16; terminals 27; mounting configuration: plug-in mtd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
