Overall Length:

5.000 inches

Overall Height:

0.625 inches

Overall Width:

3.000 inches

Product Name:

Fsc application data: test set, electronic systems except specially designed

Special Features:

Capacitors 6; diodes 5; printed wiring board 1; resistors 21; transistor 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
