**Overall Length:**

4.578 inches

**Overall Height:**

0.560 inches

**Overall Width:**

3.078 inches

**Product Name:**

Fsc application data: training set, countermeasure signal

**Special Features:**

Capacitor, fixed 6; integrated circuit, module 3; printed wiring board 1; resistor, fixed 13; resistor, variable 2; semiconductor device diode 1; transistor 6

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
