**Overall Length:**

6.750 inches

**Overall Height:**

0.633 inches

**Overall Width:**

4.430 inches

**Product Name:**

Fsc application data: radio set, radio, except navigation and home types, nonairborne

**Special Features:**

Capacitors 8; insulators, transistor 20; jacks, tip 3; printed wiring board 1; resistors 57; semiconductor devices, diode 59; transistors 20

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
