Overall Length:

6.750 inches

Overall Height:

0.633 inches

Overall Width:

4.430 inches

Product Name:

Fsc application data: radio set, radio, except navigation and home types, nonairborne

Special Features:

Capacitors 8; insulators, transistor 20; jacks, tip 3; printed wiring board 1; resistors 57; semiconductor devices, diode 59; transistors 20

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
