Overall Length:

6.575 inches

Overall Height:

0.625 inches

Overall Width:

4.430 inches

Product Name:

Fsc application data: radio set, radio, except navigation and home types, nonairborne

Special Features:

Capacitors 18; insulator, transistor 1; integrated circuits 22; jack 2; printed wiring board 1; resistors 19; semiconductor devices, diode 7; transistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
