**Overall Length:**

6.575 inches

**Overall Height:**

0.633 inches

**Overall Width:**

4.430 inches

**Product Name:**

Fsc application data: radio set, radio, except navigation and home types, nonairborne

**Special Features:**

Capacitors 2; insulators, transistor 31; integrated circuits 2; jacks 2; printed wiring board 1; resistors 53; semiconductor devices, diode 6; transistors 31

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
