Overall Length:

1.875 inches

Overall Width:

0.625 inches

Features Provided:

Electrostatic sensitive

Special Features:

Major components: capacitor 2; printed wiring board 1; mounting configuration: plug-in mtg

Precious Material And Location:

Capacitor surface silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
