Overall Length:

7.000 inches

Overall Height:

1.062 inches

Overall Width:

3.000 inches

Product Name:

Fsc application data: data display group communications central

Special Features:

Capacitors 5; printed wiring board 1; reactor 1; resistor 18; semiconductor device diode 4; transistor 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
