Overall Length:
7.281 inches
Overall Height:
0.492 inches
Overall Width:
6.968 inches
Product Name:
Fsc application data: monitor group, landing control central
Special Features:
Capacitor 7; connector 1; integrated circuit 12; pad, transistor 9; printed wiring board 1; resistor 24; test jack 6; transistor 9
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
