Overall Length:

5.800 inches

Overall Height:

0.827 inches

Overall Width:

3.500 inches

Product Name:

Fsc application data: transmitter, guided missile remote control system

Special Features:

Amplifier 4, capacitor 8, printedwiring board 1, relay 4, resistor 34, semiconductor devicediode 8, switch 1, transistor 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
