Product Name:

Fsc application data: power-supply-storer, guided missileremote control system

Special Features:

Amplifier 2, capacitor 17, connector 1, printed wiringboard 1, resistor 30, semiconductor device, diode 14, transistor 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
