Overall Length:

5.500 inches

Overall Height:

0.625 inches

Overall Width:

3.341 inches

Product Name:

Fsc application data: oscillator module, test central airborne weapons system

Special Features:

Capacitor 7 connector 4, microcircuit 2, printed wiring board 1, relay 2, resistor 29, semiconductor device, diode 8, transistor 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
